

Abraham & Gaffney Continues to Grow

When Dale and Mike started out in 1991 they had hopes that the firm would become a successful business for many years. Abraham & Gaffney is a successful business and we continue to grow our clients, our reputation and our team. Principals have been added regularly as they develop professionally and personally. A Principal provides leadership, guidance, knowledge, respect and commitment to the firm that we all count on. On January 1, 2010, Bill Tucker will be the seventh Principal to share the vision of growing the firm.

Bill has been with Abraham & Gaffney, PC since May 2001. He started as part-time and became a full time Accountant on July 2, 2001 right after graduating from MSU. He became a CPA in 2003 and worked his way up to Senior Accountant by January 2004. In January 2007, Bill took on more duties as Manager. Now, he's taking on additional responsibilities and joins Steve, Aaron and Alan in leading the East Lansing office and audit team into the next decade.
